Interactive digital book

Written by Celso Román.

Choromandó, the origin of the great river is an interactive adventure through Emberá culture that fuels our imagination and teaches us the importance of water conservation.

This story is illustrated in a printed book and in a digital version narrated in Emberá language and Spanish with virtual reality videos, animated videos, a mini-game, a teacher's guide, and more. Written by Celso Román.

It fuels our imagination and teaches us the importance of water conservation.

By hiring us to tell your stories, you give us the opportunity to donate the equivalent of 5% of our profits in books to foundations working for children in Colombia

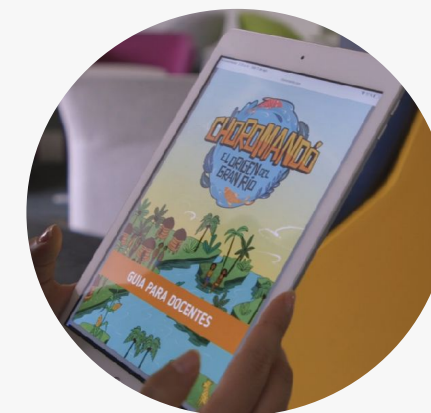

Tale

Narrated in Spanish and Embera language

Game, animated videos and VR

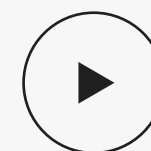

Three maze-like levels.
Videos of other Embera legends and videos in virtual reality.

Pedagogical Guide
